

Welcome to The Garlic Farm 2013 CSA Growing Season!

New CSA memberships start **Saturday, July 20th**
and continue until mid-October.

Spring is almost here and we are excited about sharing our 2013 season and harvest with you. The Farm is coming to life and we are very busy. Last year we added 4 more acres and a 120x30 modern transplant greenhouse. **We continue to develop the Farm and expect a productive season!**

Every month we offer distinct seasonal variations. We start with garlic scapes **mid-June, but only for two weeks**. Members can **come in anytime and pickup 6 lbs of scapes**. Scapes are milder than garlic cloves and used in soups, salads, pesto, and hummus. Check out our scape recipes on our website www.garlicfarmct.com, when you have a chance.

By mid-July, our **field-grown, pesticide free produce** really increases. Harvest usually peaks during the months of August through September. We offer fresh seasonal vegetables and fruits **every week**. Garlic is ready from mid-July through the end of September. Fresh bread from the Collinsville Bakery is also available for Members to purchase at a **reduced price**. Other CSA Member specials are available throughout the season!

Pickup days for new members are Thursday and Saturday.

Come in any time after 10 a.m. Need to come another day? Sunday, Monday or Tuesday is fine. When you arrive, check the chalkboard in the Barn. We list what is available that week and how much you can take. **Help yourself!**

Letting people know about the Garlic Farm means we can be more successful and offer Members the best prices every season. Your participation helps us make the Farm an important part of the community supporting locally grown agriculture.

Any questions? Just give me a call at **860 670.6314**, use my email at info@garlicfarmct.com, or ask for me when you come by. I look forward to seeing you every week. Thank you for supporting the Garlic Farm. Welcome aboard!
